

KID BEDROOM / Lucas

✦ Discover our Lucas midsleeper : the top-of-the-range, multifunctional and complete bed designed to give maximum comfort while optimizing space.

✦ Lucas includes its own workspace with a functional desk that slides under the bed after use. The niches are ideal for storing books. When the desk is closed, the niches align to create a uniform, harmonious front.

✦ To complete the function, a storage space is hidden behind the ladder, contrasting with the work space. Store toys or offer your child a spacious hiding place thanks to the free space under the bed.

✦ A shaped ladder provides access to the bed, with storage shelf and 3 niches as bedside tables. The **Japanese Oak** structural parts recall the robustness of wood, while the **White** elements create an elegant, contemporary two-tone look that will suit boys and girls alike.

The products are made in particleboard, with a thickness of 15 et 22 mm
